Dear Mr. Kirkland,

On behalf of Running Strong for American Indian Youth® and our spokesperson Billy Mills, thank you for your generous donation of \$800.00 received March 30, 2006, through sales from your Native American Geocoin and in support of our programs helping American Indian people throughout the United States.

Every day Running Strong works with local programs and initiatives that help American Indian people meet their immediate survival needs- food, water and shelter- while implementing and supporting programs designed to create opportunities for self sufficiency and self-esteem, particularly for tribal youth. Many of our programs enjoy a re-birth each spring. Our very first program, drilling water wells resumes, giving families access to a way of life most of us take for granted. More and larger gardens are being planted and tended, helping new families help themselves as they fight back against diabetes and hunger.

On one of America's poorest counties, the Cheyenne River Indian Reservation in South Dakota, we are close to delivering on a promise to the local teens. Faced with few options and nowhere safe to go, these teens are anxiously awaiting completion of the Cheyenne River Youth Project's Teen Center. Construction and fundraising are ongoing; we're at 75% of our goal! We hope to raise the remaining funds needed to finish the job and open before the new school year begins! Cheyenne River teens will finally have a safe place to call their own, complete with art and dance space, a counseling center, internet café and basket ball court.

Thank you again for your generous support of Running Strong for American Indian Youth®. Please visit our website, www.indianyouth.org, for more information about this and other programs you make possible.

Wow!
Thank ya!

Sincerely,

Lauren Finkelstein
