To Whom It May Concern:

On behalf of CURE Childhood Cancer and all the children with cancer and their families, please accept our most sincere thanks for the generous donation of \$295. This wonderful gift allows us to continue to support research into cures and better treatments for children with cancer, an important priority of CURE. While childhood cancer continues to claim the lives of more children than any other disease, federal funding of research is rapidly declining. At CURE, we are committed to raising our level of support so that scientific progress will continue, with or without federal dollars.

CURE Childhood Cancer also provides support to thousands of parents and children who are dealing with the devastating effects of childhood cancer. Your gift will support the programs that enable us to address the substantial needs of the children and families we serve.

On behalf of CURE Childhood Cancer and all children with cancer, we cannot thank you enough. We truly appreciate your generous gift and assure you that it will be put to good use.

Warm regards,

Kristin Connor  
Executive Director
