ATTN: Eric Kirkland

Dear Eric,

On behalf of Operation Homefront and the thousands of military families, service members and wounded warriors we serve, I want to personally **thank you for your generous gift of \$390.00, received on March 7, 2011.** All of us at Operation Homefront appreciate your support and patriotism, and most importantly, your recognition of the hardships the families of our deployed service members endure each day.

Your gift will be used to help military families left behind by deployed service members and to help our wounded when they return home. Your financial support will be used to help military families with crises like:

- Car, appliance and home repairs beyond the family's budget;
- Gift certificates to help families in need of food, clothing and baby items; and
- Monetary grants for unexpected financial crises ranging from eviction to extraordinary household expenses.

We are extremely proud of the fact that Operation Homefront has an audited record where we can demonstrate that **\$0.95 of each dollar we raise goes to the intended recipients** — virtually unheard of with most nonprofit organizations. To date, Operation Homefront has provided emergency assistance to **more than 45,000 military families and personnel nationwide.** At any given time, **nearly 500,000 U.S. Armed Forces personnel are deployed in more than 140 countries.**

Best regards and thank you once more for your generous donation.

Sincerely,

Amy Palmer
Chief Operating Officer
